

I am so happy you decided to book your Mommy & Me mini session with me!

Below you will find a welcome guide that will give you an idea of what to expect when you book a session with me

These two setups above are the ones we will be doing for Studio sessions

The images above showcase the exact style we will be capturing during your outdoor session.

Please keep these in mind when selecting your outfits.

### Helpful tips for a Smooth Session

- Firstly, please be sure that your kids have eaten and slept well before arriving to your session so they will be happy and smiling .

- Arrive fully dressed and ready to begin.

There won't be time or space to change outfits at the studio or outdoor location.

- Coordinate your outfits. Neutral tones always photograph beautifully. Think creams, beiges, soft pastels, or earthy tones. Try to keep everyone in a similar style without overmatching. Avoid logos, busy patterns, or fabrics with tiny prints, as they can be distracting in photos.

- Children's outfits can be anything from classic jeans and overalls to simple, timeless pieces. Keep it comfortable and cute!

### What About Shoes?

*For in-studio sessions*, I highly recommend wearing shoes. They help complete the look and add a polished touch to your final images.

*For outdoor sessions*, barefoot is a beautiful option, it gives a natural, earthy feel and connects perfectly with the environment. However, please bring comfortable shoes for walking between setups, especially since we may be moving through grass, dirt, or areas where there could be ants or uneven ground. The shoes won't appear in the photos, so choose something practical for moving around safely.
