

Mommy & Me Welcome Guide

Welcome!

Thank you so much for choosing me to capture these beautiful moments with your little ones. Motherhood is one of the most special journeys in life, and these sessions are designed to celebrate the love, connection, and joy you share with your children. These portraits will become memories you will treasure forever.

Session Details

Your Mommy & Me session includes:

- **30-minute studio session**
- **Two beautiful setups with props**, exactly as shown at the top of this guide: Pink floral setup & Blue door with white flowers
- **10 professionally edited high-resolution digital images**
- Option to purchase **additional images or the full gallery**

These sessions are designed for **moms and their babies**.

- **Up to 3 siblings are allowed per session**
- **Additional siblings** can be added for an extra fee
- **Grandma is also welcome** to join the session
- These sessions can also be booked as a **maternity photoshoot**

Pets are not allowed during this session.

Wardrobe

Clients are responsible for bringing their outfits for the session.

Tips for outfits:

- Choose **soft or neutral colors** for a timeless look
- Avoid busy patterns or large logos
- Coordinate colors rather than matching exactly
- Bring something you feel **comfortable and confident** wearing

Shoes are optional: These sessions look beautiful both with shoes or barefoot, so it's completely up to you. You're also welcome to wear shoes for one setup and go barefoot for the other.

There will be no time for outfit changes during your session. Please choose one outfit that coordinates beautifully with both setups.

Session Timing & Punctuality

These are back-to-back mini sessions with only 15 minutes between each family.

Please arrive on time (or 5 minutes early) and be fully ready when your session starts.

If you arrive late, I will need to continue with the next family, and unfortunately, rescheduling is very difficult as these sessions are fully booked and specially designed.

Please plan ahead to ensure a smooth experience.

If you need to change your child or prepare (diapers, outfits, etc.), kindly arrive early, as session time cannot be extended.

Image Delivery & Additional Photos

Your session includes **10 professionally edited digital images in high resolution.**

After your session, you will receive a **private online gallery** where you can select your favorite images.

Additional images are available for purchase:

- **\$30 per extra digital image**
- Option to purchase the **entire edited gallery**

Session Location:

The session will take place at my home studio, located at:

1295 Drake Ridge Drive, Kissimmee, FL 34744

Final Note

These Mommy & Me sessions are all about **celebrating your bond and creating memories that will last a lifetime.** My goal is to make your experience relaxed, enjoyable, and full of beautiful moments. I can't wait to capture these memories!
