

White & Bright Family Welcome Guide

Welcome

Thank you for booking your **Family Mini Session** with me! I'm so excited to capture your family's special moments in a simple, timeless, and beautiful way.

Session Details:

- **Duration:** This is a **quick, 30-minute mini session**, so it's perfect for families who want to update their photos without a long commitment.
- **Setup:** The session will be **clean, white, and timeless**, focusing on family connections. The setup is simple and minimal, allowing your family's natural beauty to shine through.
- **Pets are not allowed** during this session. I'm sorry for any inconvenience!

What to Expect:

This session will be focused on capturing beautiful **family portraits** of mom, dad, and siblings. It's all about those special family moments!

What to Wear:

For a clean and timeless look, I recommend wearing **neutral tones** like **beige, white, and soft pastels**. Please avoid wearing anything with **logos, shiny fabrics, or busy patterns**, as they can distract from the beautiful simplicity of the session.

Suggested Outfits:

- Simple **jeans and shirts** look great!
- **Long dresses** for moms are perfect for a soft, elegant vibe.
- Barefoot pictures are wonderful and add a natural, relaxed feel. If you prefer, it's totally fine to go without shoes!
- If you want to wear shoes, keep them simple and neutral to complement your outfit.
- Keep accessories minimal for a polished, elegant look.

Location:

The session will take place at my **home studio**, located at:

1295 Drake Ridge Drive, Kissimmee, FL 34744

Photo Delivery:

You will receive your **edited photos** within **two weeks** of your session. A **digital downloadable link** will be sent to your email after editing is complete.

I'm looking forward to capturing your family's love and making timeless memories together!

Best,
Marelyn Correa
