

Kid's Birthday Session Welcome Guide

Welcome!

I am so happy you decided to book your Kid's Birthday Session with me! Below is a guide to help you understand what to expect when you book a session with me. Celebrate your child's birthday with a fun, timeless portrait session designed especially for kids ages 3 and up. These sessions are all about capturing genuine expressions, laughter, and personality creating beautiful images your family will cherish for years to come.

Session Details

This sessions typically last about an hour. There will be two setups for these sessions:

1. A simple plain background with a big number alongside (see the reference photo below).
2. One setup of your choice please let me know in advance which one you'd like (feel free to browse my website or Instagram for some ideas).

I will provide some outfit options for your little one from the studio. I offer a selection of beautiful dresses and ballerina-style outfits is available for girls (ages 3-7). I have many outfit options for girls in sizes 2T-6T. At this time, I kindly ask for your understanding as I **have limited outfit options for boys**, with only a couple of simple choices available. You're always welcome to bring your own outfits if you wish.

This session will be all about your little one, but if you'd like, you can add family pictures for an additional charge. Family portraits are done against a simple, plain background. I always recommend wearing neutral and solid colors, avoiding logos, patterns, or shiny fabrics. I've attached some example photos below to give you an idea of how the family session looks.
